Dreams are what keeps me sane
she said she hopped on the plane that led
further and further from the life she was living
Just a lie.

Ambition aside there were
nights where she cried to sleep
Thinking and thinking
my life boat can't be sinking just yet
there's got to be something just right...

And I don't care how
And I don't care why
Cuz there's got to be somethin'
I want to be someone who lives on the right

Well there's Got to be Something
I want to stay someone, who stays on the right

Life it throws a good curveball
He said "I thank god i'm playin. Cause' once the game
is over won't care about the scoreboard no more."
There's got to be something just right
And I don't care how
And I don't care why
Cuz there's got to be something
I want to be someone who stays on the right
Cuz there's got to be something
I want to be someone who stays on the right

[Repeat through fade]
Cuz there's got to be something
I want to be someone who stays on the right
