I'm starting to see colors...
I love waking up each day
And everyone keeps asking
What's the next stop on your...
Wa-iting for the bus on this brand new side of town...
I'm not lonely when I miss you...
I'm not lonely but I miss you dear.

There's a place out here called Uptown
Take Haskell and two rights...
shining down on the all locals
The sun it makes heavy hearts feel light.
I'm further than I thought
But I'm happy either way...
I'm not lonely when I miss you.
I'm not lonely but I miss you dear.

I'm not sure what all the signs
Point to but I'm still aligned.
And now I'm curious to see
Just how close you sleep from me...

I'm not lonely when I miss you.
I'm not lonely but I miss you dear.
