furimuite kieru egao ga kowareru hodo hakanaku yoru
ni koboreru

The disappearing smile turned towards me is being
destroyed by the ending night.

machi o miorosu oka made futari aruite
katamuku tsuki no akari de sotto mi o atatameta
usui tsubasa de hoshikuzu ni made chikazukeru
bokura no tsumasaki o chijou ni modoshite

We walk to a hill overlooking the city together
and gently warmed our bodies in the angled light of
the moon.

We draw closer to the stars on transparent wings
Then our toes return to the Earth's surface.

fukinukeru kaze no tsumetasa wa netsu mo hibi mo
ubaisatteku no?
mizu no nai puuru ni tatteru sosogareru kisetsu o
matteru

Will the chilling winds steal our passion and days away
from us?

A new season awaits us in a waterless pool

mune no kaidan zutto kishindeiru kara
kowanu you ni kizukarenu you ni noboritsuzukeyou

The stairs leading to my heart have always been creaky
So as not to break them and not to harm them, let us
continue to climb.

kokoro igai nani mo motazu ni deatta kara surechigatta
kara
yume o miteta yo suna no fune de kimi to ikitsuku tooi
basho

I met you and fell for you possessing nothing but my
heart.

I just had a dream where we went to a far away land

together in a ship of sand.

aoku someru hikari fureta kimi ga miseta maboroshi
ai to ienai mama yoru no fuchi o hirugaeru

There was an illusion of you touched by the pale, blue
light.
Before I could say "I love you", the night closed in on
us.

koi nara yurenai de ai nara tsuyoku dakikaesanai de
niwaka ni mayoikonda shizuka no umi ni nagasareru

If you lust me, don't shake. If you love me, then don't
embrace me back too strongly
The suddenly lost and quiet ocean carries us along

dareka o fukaku omou koto wa ashita sae mo
koroshiteyuku you
karada no oku ga mezameteku yo tada hoshii no wa
nami no oto

When you love someone strongly enough, you feel as
though you could even kill "tomorrow"
Something is awakening inside of me now. All I long for
is the sound of waves.

aoku sujiru toki ni fureta kimi no honou o miteru
ai to ienai mama iro o kaeru setsunasa o

I look at a vision of your flame from the past in the blue
light.
I never had the chance to say "I love you". Please give
me the sorrow to change the light's color.

hanareru ayamachi mo namida ga egaku azayaka na
yami mo
subete wa sarawareteku tsuki ga futari o yurushiteku

My regret for leaving you and the brilliant darkness my
tears paint
Are all washed clean. The moon forgives us.

furimuite kieru egao ga kowareru hodo hakanaku yoru
ni koboreta

The disappearing smile turned towards me is being
destroyed by the ending night.
