"Mou aenai" to tsugeru boku ni
"â€¡Sokka" to gikochinai shigusa de hohoemu
Yuugure no kouen koibito-tachi sakete
Futari wa sayonara ni aruite yuku

When I said, "We shouldn't see each other anymore"
You smiled awkwardly and said, "â€¡Oh, I see."
At the evening park, we avoided other couples
As we walked our final walk together.

Chigau dareka ni tojita omoi o sosoideta
"Sore de ii kara" to iu kimi to hajimatte

You poured your love for someone else out on me.
But you told me that was okay with you.

Aishiteku koto o oshigatte kimi no nukumori ni
amaeteta
Kore ijou soba ni irenai hosoi yubisaki hanasu yo

I took advantage of your vulnerability and need for
love.
I can't be with you anymore. I'll let go of your thin
fingers now.

"Saisho kara wakatte ita kara ki ni suru koto nai" to kimi
wa utsumuite
"Rakkii datta" nante bachigai na serifu de
Hashaide miseru kara itoshiku naru

"I knew this would happen all along, so you don't need
to feel guilty," your murmur.
"Lucky you," you said awkwardly.
Through your shy babbling and apologies, I suddenly
feel fond of you.

Zutto omotteta "suki ni narereba ii no ni" to
Na no ni junsui ni keshi sarenai mono hitotsu

I always thought to myself, "If only I could just fall for
her".

But there still remains one thing that cannot be purified
away.

Kirei na kotoba o hoshigatte kimi o hitasura kizu
tsuketeku
Dakiatte tsunagaranakute kowareteku kizuna ga aru

I want to find the right words, I continue to earnestly
hurt you.
We embrace, but don't connect. Our bond is breaking
apart.

Mou sugu togireru michi no temae de tachidomari
"Gomen" hitokoto no owari shika nai nante

We stop walking right where the road splits.
I can't believe this ended with just, "I'm sorry".

Aisareru koto o oshigatte nakusu no o kuyami kakeru
kara
"Anata dake waruku wa nai" to yurusu you ni iwanai de

Because losing the love you wanted to have makes you
frustrated,
Please don't tell me you were the only one who was at
fault.

Furikiru omoi setsunaku naru ima nara ma ni au ki ga
shiteru
Sore dake ja dakedo ikenai hitori no kimi ni kaesu yo

Thinking back on this, I feel sad. Maybe it's still not too
late!
But just thinking that isn't enough. I'll let you go now!
