\*yokubou mo reberu agereba  
chotto ya sotto ja mitasenai keredo  
zegahi demo onegai shitai  
kimi ga yume no kagi ni naru kara

If the level of my libido is raised,  
Then it will be harder for me to be satisfied  
So even if you don't want me, I'm begging you  
Because you are the key to my dreams.  
chikara mo nai okane mo nai nainai bakka de kiri ga nai  
genjou wa sonna de  
douse nara machi kurai kirei na ko to arukitai ki ga  
tsuita dake da

I have no power, I have no money, I can't get anywhere  
the way things are now  
But I just had to notice that I wanted to at least walk  
through the city with a pretty girl.  
maru de aite ni saretenai itami ga mata shigeki da yo  
The pain I have from your lack of attention stimulates  
me even more!  
\*- repeat

seikaku ga yokerebaii suki o kureru kanojo to nareai  
tsuzukete  
jibun ni wa niatтеру omou you ni natteita kimi ni au  
made wa

I continue to date any girl who has a decent personality  
and who will say she loves me  
I had thought that my life was fine that way until I met  
you.

koi ni kodawari motsu koto de nanika o  
tsukamikaketeru  
If your love life is restrained by tradition, you'll always  
be searching for something.

kairaku o shitteshimaeba  
chotto ya sotto ja mitasenakunaru yo  
haaremu o tsukuritai to ka

sou iya mukashi omotteta kke na.

Once you have tasted pleasure,  
Then it will be harder to be satisfied.  
You might even want to get a harem.  
Come to think of it, I used to want that myselfâ€¦

akirame o oboeta mune o  
chikarawaza kimi ni ubawarete  
tomosureba ishiki wa hidai  
mi o hodoseru ashita wa iranai

My heart, which had just begun to give up hope  
Is suddenly whisked away by you.  
My passion for you inflates to the extreme  
I even lose my instinct to live on to tomorrow.

zegahi demo onegaishitai  
yume ni sonshoku otoranai hito yo  
yokubou no reberu urikire  
kimi ga kagi o nigitteru kara

So even if you don't want me, I'm begging you  
All you girls inferior to my dreams.  
My libido will rise no more  
Because you are holding the key.
