Where does he live now as the day returns?
The sun is risin' to a darker side
Though years have passed and chances have slipped
away

If we lose it now, we never see another day
We live for the sun, don't think about tomorrow
Life is just begun, oh

It seems like child's play
Oh, they're playing with our lives
Guess their just too blind to see

It seems like child's play
Catch that feelin' [Incomprehensible]
Now they take our dignity

Love lost inside leaves us in memory
Of the days when we were one
Dreams never die, each night when I close my eyes

I can feel that there's a non-stop persuadin' in the skies
Precious life, a hope forever shining
With justice for all

It seems like child's play
Oh, they're playing with our lives
Guess their just too blind to see

It seems like child's play
Catch that feelin' [Incomprehensible]
Now they take our dignity

It seems like child's play
Oh, they're playing with our lives
Guess their just too blind to see

It seems like child's play
Catch that feelin' [Incomprehensible]
Now they take our dignity

Child's play

Oh, yeah, their just too blind to see

It seems like child's play'

[Incomprehensible]

Now they take our dignity
