I've seen the madness of love in flames
I've seen your eyes reflect the silent pain
Now like a candle in this empty room
I burn alone

You've seen the lonely days never end
You've seen me break the trust that you depend on
Don't close your heart too fast 'cause feelings will blind
you
My love will find you

(End of the line)
(Reach out in time)
Maybe love will come again, my friend
(Open your eyes)
(Love never dies)
Don't run away
'Cause you just can't say that this is the end

We've learned to gamble the distance game
Hearts of steel, they'll never bend, no
So close behind the walls like strangers that blind us
Love will find us

(End of the line)
(Reach out in time)
Love will come again, my friend
(Open your eyes)
(Love never dies)
Don't run away
You just can't say that this is the end
Ohh woah

(End of the line)
(Reach out in time)
Maybe love will come again, my friend
(Open your eyes)
(Love never dies)
Don't run away
You just can't say this is the end

(End of the line)

(Reach out in time)
Ohh love, love will come again, my friend
(Open your eyes)
(Love never dies)
Don't run away
You just can't say that this is the end
