Run run runnin' we're the victims of the
Night
Just like a moving target in a street fight
Break down these barricades let the gates
Begin to fall
Gotta stop take a look live every moment
Or lose it all

Forever
Shine on, shine on
No border will come between us
Forever
We are strong together

On wings of freedom let the change
Begin to inspire
We are the new survivors in the crossfire
Don't need arrogance in the streets and
In the sky
Stop take a look deal with the moment
Or live a lie

Forever
Shine on, shine on
No border will come between us
Forever
We are strong together

Ah can't you see we're getting strong
Shine on forever

[Solo]

Stop take a look deal with the moment
Or live a lie

Forever
Shine on, shine on
No border will come between us
Forever
We are strong together

Forever
Shine on, shine on
No border will come between us
Forever
We are strong together

Shine on, shine on, shine on
