You caught me like a gray field mouse  
By the tail and you were holding me up  
High enough I didn't notice then  
That you were waiting for the moment to come  
You held me in your feline trance  
And I thought that I could make it back  
Far enough to understand you  
But I was always digging out of a hole  
I don't know why, I don't know why but I need you  
I don't know why, I don't know why but I want to

You found me in my darkest light,  
By the way you even said that you liked it  
Well enough to wanna share with me  
Some kinda life that maybe couldn't be no

I don't know why, I don't know why but I need you  
I don't know why, I don't know why but I want to  
I don't know why, I don't know why but I got to  
Give myself away and let  
You chase me through another day  
Yeah... you got me in a mousetrap  
Yeah... you got me in a mousetrap

So there we are running on the fence  
And it's hard to say which way it'll go  
But we both know it's really out to you  
Been in your pocket  
Since the first hello... hello... hello!

I don't know why, I don't know why but I need you  
I don't know why, I don't know why but I got to  
Give myself away and let you chase  
Me through another day  
Yeah... you got me in a mousetrap
