I don't have a lot of time for yesterday  
No sentimental baggage getting in my way  
The less I have to carry round  
The better I can treat you baby

Cause all the possibilities are in your eyes  
Like looking at forever in two emerald skies  
And if I keep you close to me  
I'd have a life now baby

Cause I know - oooh  
You'll never kick me when I'm down  
And I know - oooh  
You're the best thing that I ever found, so

Chorus:  
I'm gonna save your love  
I'm gonna save your love I said  
I'm gonna save your love  
I'm gonna save your love

Been a lot of money slippin' through my hands  
Yeah, the better things in life well I don't need 'em man  
People getting nowhere with their  
Long term plans now baby

It's only you  
That I want to hold on to  
You're the one  
And I'm never letting go of you, hey

Chorus
