I don't wanna hide
But I'm feeling stuck inside
Like a baby that's way overdue
Nothing more to be
Just another casualty
Of a place where all the lies are true

Chorus:
Is it too late, are we too late?
To turn it all around, it's hard to say
If we lose faith, guess it's too late

Reaching for a gun
You're not reaching anyone
If only we could fight with words
Not kill each other still

Chorus:
Is it too late, are we too late?
To turn it all around, it's hard to say
Well it's too late if we lose faith
Bye bye bye...

Time to wake, time to heal
We gotta touch, we gotta feel

Chorus:
Too late, is it too late?
Cause everything just feels so out of tune
If we lose faith, then it's too late
Bye bye bye...

Reaching for a gun
You're not reaching anyone
If only we could fight with words, not kill
Is it too late?
