I take shots in the dark
Cause I don't know where you are
But you know
I never meant to break your heart.
I didn't want to see you cry,
I didn't want to say goodbye.
Even when I knew,
I knew it wasn't right,
This can't be right.

Ohh...

Now I'm missing you badly,
missing your arms around me.
Watching you sleeping soundly
So lovely, so alive.
But it was killing me slowly
Holding you close and knowing,
I'd be leaving you lonely
I'd be leaving you lonely.

In a moment like a flash
Like a candle burning fast
Sometimes love just isn't meant to last.
It wasn't that we were wrong,
The feeling is never gone.
We could only burn
So bright, so long
So long
So long...

Now I'm missing you badly,
missing your arms around me
Watching you sleeping soundly
So lovely, so alive.
But it was killing me slowly
Holding you close and knowing
I'd be leaving you lonely
I'd be leaving you lonely.

Every time you fly off that track,

You break me down,
And you come right back to me,
Fall right back on me.
Every time you fly off that track
You break me down,
And you come right back to me
All falls back on me,
you fall right back on me.

And every time you fall off that track
You break me down,
And you come right back to me.
Right back to me.
And every time you fall off that track,
you break me down
and come right back to me,
Right back to me.
Oh, where are you now?

Cause I'm missing you badly
I'm missing your arms around me
Watching you sleeping soundly
So lovely, so alive.
But it was killing me slowly
Holding you close and knowing
I'd be leaving you lonely
I'd be leaving you lonely.

Every time you fly off that track
You break me down
And you come right back to me
Fall right back on me.

And every time you fly off that track
You break me down
And you come right back to me
It all falls back on me
You fall right back on me...
