I got a cellphone, trampoline
A years worth of magazines
I even got a new pair of chucks
I got a surfboard, swimming pool
A mustang convertible, but I still d-d-dind't get enough
I got everything I wanted on my list
Except for one thing that I missed (And just a kiss)
My girlfriend forgot me this Christmas day (Hey yeah)
My girlfriend forgot me
She was all I wanted this, this Christmas

I got her earrings, chocolate, Spa gift certificate
Spend a couple hours in line
I got her makeup, teddy bears
Even bought her underwear
And now I'm d-d-down to a dime

She got everything she wanted on her list
Except for one thing that she missed (Oooh, just a kiss)
My girlfriend forgot me this Christmas day (Hey yeah)
My girlfriend forgot me
She was all I wanted this, this Christmas

Spent all day by the phone
Silent night on the radio
I lost my Christmas cheer
And that's okay we've still got New Years

My girlfriend forgot me this Christmas day
My girlfriend forgot me this Christmas day
My girlfriend forgot me this Christmas day (Hey yeah)
My girlfriend forgot me
She was all I wanted this, this Christmas
My girlfriend, my girlfriend
My girlfriend forgot me
She was all I wanted, she was all I wanted
She was all I wanted this, this Christmas
