No Surprise

We might be less than perfect  
And even though it's gone I know  
It was worth it

Scenes from broken dreams begin to pass by  
And as we turn out the lights  
For the last time

It's no surprise I won't be here tomorrow  
I can't believe that I stayed 'til today

Yeah you will never be a tough act to follow  
And I know in time you'll find this was no surprise

Don't cry, just say goodbye  
Now it's over  
(And I know it's right, cause we both had time just to  
think it over)  
As I try to dry my eyes on your shoulder

It's no surprise I won't be here tomorrow  
I can't believe that I stayed 'til today  
There's nothing here in this heart left to borrow  
There's nothing here in my soul left to say

Don't be surprised when we hate this tomorrow  
God knows we've tried to find an easier way  
Yeah you will never be a tough act to follow  
And I know in time you'll find this was no surprise

Our favorite place we used to go  
The world embraced that no one knows  
The love we looked at's left your eyes  
That's why this comes as no  
As no surprise

It's no surprise I won't be here tomorrow  
I can't believe that I stayed 'til today  
There's nothing here in this heart left to borrow

There's nothing here in my soul left to say

Don't be surprised when we hate this tomorrow  
God knows we've tried to find an easier way  
Yeah you will never be a tough act to follow  
And I know in time you'll find this was no surprise

The kiss tonight it comes with me  
The wrong and right are memories  
The whispering before we sleep  
Just one more thing that you can keep

Our favorite place we used to go  
The world embraced that no one knows  
The love we looked at's left your eyes  
That's why this cause has no  
Has no surprise
