Come to this garden where flowers grow high  
and there's only love, once in a life time  
Come to this garden where people go by  
and there's only love, once in a life time  
once in a life time i'm in love  
Come to the garden where children play around  
and there's only love, once in a life time  
Come to the side where no one never dies  
and there's only love, once in a life time  
once in a life time i'm in love

Every morning is a fantasy  
Every little dream becomes reality  
Every second is a second chance  
Now that i have love i know where to begin

Come to the garden where flowers grow high  
and there's only love, once in a life time  
Come to the place where no one never cries  
and there's only love, once in a life time  
once in a life time i'm in love  
once in a life time i'm in love
