I kiss you, I miss you
Because I run away
Like an emotion, wanna make it on my way
I need you, I feel you
Tonight I wanna shout
I am so funny, all the night I'm screaming loud

Without your money I feel so blue
I catch your money because I'm bad, boy
My silver blood's burning up for you
Crazy fun, number one, music for my gun

Caballero with sombrero [1]
Shake me like a go-go
Baila baila pistolero [2]
Night is crazy whoa-oh
Caballero with sombrero
Dancing like a yo-yo
Caballero stand, baby come on round 'n round

I kiss you, I miss you
I go to far away
Like a cowboy, I wanna leave it on my way
I need you, I feel you
Until my love is out
I need your body, when you shock I'm screaming loud
