(CHORUS)

Even though I've Triiiiiieeed  
given you everything you needed  
yet your not satisfied  
so what more can i do for you  
I've triiiiiieeed  
given you everything everything  
you're not satisfied  
so start to say that we are through

(Verse 1)

Not So Long now Girl I Told My Self this wouldnt be the  
end  
Like a fool in love i believe those broken hearts could  
really mend  
After all this time i told myself that there was truly hope  
for us  
truly hope for us  
yeeaaaahhh

(Chorus)

Even though I've Triiiiiieeed  
given you everything you needed  
yet your not satisfied  
so what more can i do for you  
I've triiiiiieeed  
given you everything everything  
you're not satisfied  
so start to say that we are through

(Verse 2)

I remembered the first time i laid my eyes upon your  
face  
Captivated by you smile you filled my heart in every  
place  
Where did we go wrong baby can you tell me where  
was all the trust  
where was all the trust  
yeeaaaahhh

(Chorus)

Even though I've Triiiiiieeed  
given you everything you needed  
yet your not satisfied  
so what more can i do for you  
I've triiiiiieeed  
given you everything everything  
you're not satisfied  
so start to say that we are through

(Bridge)  
So long  
Bye Bye  
Farewell  
Good life  
Goodbye  
Farewell  
you had your chance now good bye

So long  
Farewell  
Good bye  
Goodlife  
So long  
Farewell  
You had your chance now good bye

(Chorus)  
Even though I've Triiiiiieeed  
given you everything you needed  
yet your not satisfied  
so what more can i do for you  
(yeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeahhhhhh)  
I've triiiiiieeed  
given you everything everything  
you're not satisfied  
so start to say that we are through
