Down south is where I stay
Switch 4 lanes
Never the same
From the Antwon to the MLK
These H-Town boys like to swang and bang

(Slim Thug)

Now welcome to the city of game, piece and chains
that swang
Pop trunk and bang as I grip wood grain
I'm bout that down-south city, where they show no pity
Candy paint be lookin' pretty, makin' haters feel shity
See I'ma long star balla, and a chop chop crawler
18-year-old shot calla, and a droptop crawler
I'm no less den da best, yes I must confess,
And hell that sets in my chest torelive off stress
Freshly dressed in my Guess, I gotthat Guess on my
chest
It's 3rd coast in dadoor all the rest must wreck,
Went from'a BMX to a GS Lex, born and raised in
Houston Tex
Where we don't bar no plex
NOW ..

Down South .. you know we real baby
Even if we ride a Hodo or a foreign made Mercedes
Rocks in my wrist, gat close to hip,

just in case a hater out there gets me pissed
Man I'm so real, man I'm so trill,
99 I'm tryin' to get the million dollar deal
Nice to know that I'm tryin' to have some diamonds in
my grill
And I'm breakin' boys off with my freestyle skills
Givin' them something they can feel, man just chill
Man what the deal with the syrup and the pill
In the lac and cat with 18's in da trunk
Da Alpine thump, is screwed as we bump
TV it stay on wood with fifth wheel in the back
With the top down I keep it hot with defined plex up in
dadash
Wearin' white socks and dem black Nike sandals
We down-south nigga's this something yall can't
handle
Ride man I'm grippin' so much up on da freeway
Down-south baby switchin' lanes up on da freeway
Wouldn't give a good-goddamn about the he say, she
say
Cause when u downtown you saw me you say, "Damn
he paid!"

Here I come, Here I come, I know you see me comin'
Drop my back on Antwon, pick it up on the front end
Steady hummin' I be stuntin' like a bag of diamonds
I be shinin' I be grindin' man wood on the vinyl
I'm a minor, wood on the vinyl,
Broke dem boys off cause Yungstar still a finer
Houston's finest artist, I'm da smartest, boys get
rigormortis
I'm crawlin' real slow on 4's like a tortoise, like a toad
I'm in da mode, feel me explode, hoppin' out my rides
do's
Dawg gots to keep it cold, I'ma toad, I'm so throwed
I'm complete, unique from my feet from my head to my
feet, something sweet

{*Hook* (with Yungstar talking)}

Down south is where I stay

These H-Town boys like to swang and bang (why am I

Down south is where I stay (one mo' time, one mo
time, bring it back)
Switch 4 lanes

(Yungstar)

Messin' with these boys I be ridin' with a Vega
Comin' with a woman, real clear, all up in their ear
Baggets and Pioneer, once a year,
I'm bout dat Belvedere, I'm a butler, I done reached,

Break des boys off with baggets and clusters
Round my neck, if you disrespect grab my Teck
And leave you wet on the set I don't expect

Watchin' Cliffhanger, screens fall I'ma ball

Matchin' pinky ring, Antwon to the King
