Abolish government, it's nothing to me  
Forget about god, He's not here to see  
We live by a system a perfect mold  
People perfect people who are poor and old

Lives were spent on the ladder of success  
Working for nothing in this, in this worthless mess  
Presidents a name, presidents a label  
Highest man on the government table

America, land of the free  
Free to the power of the people in uniform

People are so blind they just can't see  
Send your son to boot-camp, send him off to war  
If he comes back he'll be dead and nothing more  
Struggle for a land, for a country, for a freedom  
All you mindless people looking for someone to lead  
them

Wake up to the same old shit  
Live your life to suit their fit  
Some people, they don't like your hair  
Police, they just don't care

Snipers that want to be  
Rifle sites are aimed at me  
Wake up silent majority

The government, they don't want us here  
You folks can't feel that fear  
You can walk the streets today  
You can walk in your own way

People think that I'm crazy  
These people just can't see  
Wake up silent majority

Live your life day by day  
Doing everything that they say  
Silent majority

Promote freedom, let it be heard  
Don't forget that it's only a word  
Silent majority  
When you gonna wake up?
