

T.S.O.L. "Die For Me"

Visit "[Die For Me](#)" on MotoLyrics.com

You never knew me until you needed me
That's when you called on the phone for me
That's when you called for me, one life to live

You give it to your country
Somehow I knew that you were lying to me
That's when you called for me, one life to live

I'm a number, not a name
I'm a pawn of your game
I'm a number, not a name
I'm a pawn of your stupid fucked up game

You took me to your factory
You made a robot outta me
Learned to kill so swiftly
How to die with dignity
