People think I'm crazy, I'm always on the run
That's the way I like it baby, I'm your seventh son
I don't want no promises, they're broken in the end
See love is not forever, I know because I've been
In the wind

People think I'm crazy, I'm always on the run
If you take me halfway baby, I'm better off alone
I will never turn around, I'll take it to the end
The wind it is forever, I know because I've been
In the wind

Nothing's gonna stop me in the wind
No one's gonna catch me in the wind
I've got everything I need in the wind
No one's gonna catch me

Well if you want to ride with me, just close your eyes
and dream
We can ride forever baby, the wind it calls your name
We will never turn around, we'll take it to the end
The wind it is forever, I know because I've been
In the wind

Nothing's gonna stop us in the wind
No one's gonna catch us in the wind
We have got everything we need in the wind
No one's gonna catch us

Take hold of my shoulder
Let me feel you in my arms
We can ride this wind forever
We can mend our broken hearts
In the wind

In the wind
Nothing's gonna stop me in the wind
No one's gonna catch me in the wind
I've got everything I need in the wind
No one's gonna catch me
