Hey mister police man
Better make the call
I think your bullet, I hit me
Before it hit the wall

Don't get me no doctor
Just let me fall and fade away

I close my eyes now and I see I'm not alone
I hear the angels and they want me to come home
He was the joker they'll be writing on my stone
Just lay me down, just lay me down and let me go
Just let me go

I never wanted no trouble
But it follows my name
Just the way the cards fell
At the end of the game

Dont' call me no preacher
Just let me fall and fade away
Dont' call me no preacher
Just let me fall and fade away

I close my eyes now and I see I'm not alone

I hear the angels and they want me to come home
He was the joker they'll be writing on my stone
Just lay me down, just lay me down and let me go
Just let me go

Hey mister poilce man
I place no blame
Fate has it's reason's
I was in the way
Don't call my sister
Just tell them all, I went away
Don't call my sister
Just tell them all, I went away

I close my eyes now and I see I'm not alone
I hear the angels and they want me to come home

He was the joker they'll be writing on my stone
Just lay me down, just lay me down and let me go
Just let me go, Just let me go, Just let me go
