(M. Herz)
A short time ago
The pope had to say
The world hadn't be created
In seven days
Refrain:
We began to fuck this way
And we, we'll never pray
we'll never pray
Oh, don't pay for pray
don't pay for pray
don't pay for pray
don't pay for pray
What a religion,
You have to pay for
'cause if you don't pay
You can't knock on heavens door!
Refrain
I will never
Ring that bell
'cause it's better
To go to hell.
Refrain
