Says to shut my mouth
Make me quit my thoughts
Can't stop me from thinking
About the hope I had
Property is theft
Property is theft
This for just another day
Don't care what they've to say
Why should they want to talk to you
Maybe it's cuz we know the truth
Property is theft
Property is theft
Money runs the world
God's the only way
Don't think you can win
Cuz we'll just make you pay
Property is theft
Property is theft
This for just another day
Don't care what they've to say
Why should they want to talk to you
Maybe it's cuz we know the truth
Property is theft
Property is theft
