Little boy, you'll find your way home,
Because home is a place you make your own,
And though you've lived here most of your life.
Everything's wrong,
and nothing feels right,
nothing feels right,
nothing feels rightâ€¦.

Chorus:

And there you were stranded,
where no one would ever look
Your knee-deep in trouble tonight,
Praying for a change,
cause today's loss is tomorrows gain,
You know it won't always be this wayâ€¦..
I swear...

Your world comes in through technology and
magazines,
The fabulous friends so far out of reach,
And you'd jump in entirely if you knew where it was to
dive down deep,
Pounding the ice with your feet,
with your feet,
with your feetâ€¦..

Chorus,

To the corners of the country
From the heart of Kentucky ,
The city is calling your name!
your name,
your name...

And there I was stranded, where no one would ever
look
I'm knee deep in trouble tonight,
I'm praying for a change,
Cause today's loss will be tomorrow's gain,
I know it won't always be this way!

be this way,
this way...
