As I drive away from Tulsa
I tell my heart don't fret, but I know its gonna
You can't train your heart, like a dog
There are just some tricks that it won't pick up

As I drive away, I remember
The way you smiled at me, guess I will forever
Well I'm not quite sure where we left
But when I tried to say goodbye the words got stuck

I don't need ya, I don't need ya
I don't need ya to ask me if I miss you
I already do.

Well, I'm not sure where and I don't know when
I'll get my chance to see you again
This is my first time driving away
Where I begged the clock for more time to stay

As I drive away from Tulsa
I tell myself these days will one day be over
Where the sad goodbyes are far behind
And when I reach for your had its holding mine

I don't need ya, I don't need ya
I don't need ya to ask me if I miss you
I already do.
