-----  
Hang on to the world  
It's spinning like a top  
Hold on to the world  
It's screeching to a stop  
Say when the story's over  
Or when the meaning itself is lost  
Hang on for the moment  
Saome tardy offer  
Melting into a god  
1 is starting  
2 is running  
3 is hiding  
4 is dying  
Study time through a vacuum  
Every thing every sight and sound  
Ignore a false foundation  
Still standing on shaking ground  
Peice of ash, peice of granite  
Sitting in for peice of mind  
Hang on for the moment  
Leaning towards payback in kind
