Kick me in the face
I may not sleep for days, but that's okay
I've got you on my mind
And now we're a disgrace
And you don't know what it means?
Well, that's a lie
You just came down off your high

How could I trust you again
When you shut out your only friend?

So, stay a little while longer
If you run, you're not that much stronger
If you say I've fallen for another,
Then our time has passed
Away

So, now what do I say?
I've given you three years, and I'm a fake
I feel like such a fool
I want to run away,
Pack up all these dreams and leave today
I'll start another life

'Cause, how could I trust you again
When you shut out your only friend?

So, stay a little while longer
If you run, you're not that much stronger
If you say I've fallen for another,
Then our time has passed
Away

I will forgive and forget
I'll see your fall
And raise it

So, stay a little while longer
If you run, you're not that much stronger
If you say I've fallen for another,
Then our time has passed

Away (x1)
