See her standing by the window
Smiling at me I know that she cares
In my mind I'm beside her
Fingers stroking her hair

Not tonight, not tomorrow
I want you now to be here by my side
All my questions you answer
When you're there with your arms open wide

Chorus
Oh Tiara
Girl I love you
You and me, we could conquer the world
Oh Tiara
Have I told you?
I'm in love with the child in you girl

Love, it shines like a diamond
Brighter than all the moon and the stars
Where it leads, we will follow
Love will guide us where ever we are

Chorus
Oh Tiara
Girl I love you
You and me, we could conquer the world
Oh Tiara
Have I told you?
I'm in love with the child in you girl

We can make every night last forever
Holding hands, beating hearts together
You're more precious than life to me girl

Chorus
Oh Tiara
Girl I love you
You and me we could conquer the world
Oh Tiara
Have I told you?

I'm in love with the child in you girl

Child in you girl

Tiara....
