Livin' in this world 'be a little too much
Don't let it get you down
Get up and strut

If you ever get the chance
Hold your hand out and take it
Make a promise to yourself
Don't you break it

I tried to get up when I was upside down
'got to find a way to turn my life around

Chorus:
This is the time for us to Get A Life
Open your mind to a better life
There's no way of knowing
Where you're going
Get A Life - a better life

Go outta your way
And make some compromise
Hold on to your dreams
And you will realize
If you don't understand it
Don't take it for granted
Open you mind to a better life

Vers 2:
Let's turn up the heat
Start a ripple in the water
Wake the soul from its sleep
No particular order

'Could be wasting precious time
Free the mind are you willing
Don't be afraid
Do your dance and start living
I've got a vision in mind
I'm doing my time
I'm livin' my life
'cause I've opened my mind

2nd Chorus:

This is the time for us to Get A Life
Open your mind to a better life
There's no way of knowing
Where you're going
Get A Life - a better life

Go outta your way
And make some compromise
Hold on to your dreams
And you will realize
If you don't understand it
Don't take it for granted

C Part:

There's no way of knowing
Where you're going
This is the time for us to Get A Life

Final Chorus:

This is the time for us to Get A Life
Open your mind to a better life
There's no way of knowing
Where you're going
Get A Life - a better life

Go outta your way
And make some compromise
Hold on to your dreams
And you will realize
If you don't understand it
Don't take it for granted

This is the time - to Get A Life
This is the time - to Get A Life
This is the time for us to Get A Life.
