Just came back,
From a mountain top.
It was raining,
But I never felt a drop.
The sky was painted,
With a silvery splash.
But what seemed harmless,
Was deleted by a crash...

The wind screamed escape,
As the sky released its rage,
And I said.

CHORUS
My oh my.
Can't run true.
I'm slipping, sliding,
Oh there's something fighting,
The friction rule, oh I said,
My oh my.
Can't break through.
I'm pushing, trying,
Oh there's something fighting,
My every move.
Oh why try and run away?

The clouds parted,
Soon to dissapate.
The sun bombarded,
My eyes full of rays.
A voice echoed,
Through the valley.
"Where did you go?"
"And why are you running?"

I tried to get away.
But the wind still screamed escape.
As the sky stormed back in rage,
And I said.

Repeat Chorus 1X

then solo

Repeat Chorus 1 more time
then, END!!!
