Exercised and hated,  
No room for what was stated.  
I know that it was wrong,  
I know I must stay strong.  
But since when did the world,  
Ever step back to say:  
"No more taking life in vain,"  
Instead we hide our shame...

Oooooooooo  
Oh Oh  
Oooooooooo  
Oh Oh  
Oooooooooo  
Oh Oh  
Oooooooooo  
Oh Oh  
Oooooooooo  
Oh Oh

**CHORUS**

Well we've got to find our grey.  
Cause there's no more black and white.  
Something's got to take a change.  
Oh we're just casualties of time...

Some fall between the arches,  
But keep on keeping on.  
Relentless exhibition,  
Steady till all went wrong.  
Like the man on the corner,  
Walleling twenty dollar bills.  
Asking for a lended quarter,  
So not to break his fill.  
What seems two separate worlds,  
Some site it as if known.  
But two will never work,  
When we've always been one...

Oooooooooo  
Oh Oh

Ooooooooo  
Oh Oh  
Ooooooooo  
Oh Oh  
Ooooooooo  
Oh Oh  
Ooooooooo  
Oh Oh

Repeat CHORUS 1x

#### BRIDGE

We're hiding,  
There fighting.  
We're closing our eyes.  
They're reaching out,  
Crying out,  
Begging for time.  
Have we forgotten,  
Oh have we forgotten?  
If we'd just turn around.  
Oh please take me away...

#### SOLO

Repeat CHORUS 1x

End:

How many more does it take?  
Whatever happened to all the same?  
How many times must they scream before we  
embrace?  
Oh we just,  
Turn away.  
One we betray.  
Oh we just,  
Turn away.  
Unwilling to face.  
Oh we just,  
Turn away,  
One we betray,  
Oh we just,  
Turn away...

Ignorance is casualty...
