V1:

It's finally true.
I've learned to
Keep my heart from you,
Cause you let me down.
You put your spell on me,
And tried to be.
What I wanted to see,
But you lost your groundâ€¦

C:

So tonight.
I hope the stars,
Shine.
For your eyes.
And hold for you.
And tonight.
May the sky,
Burn so bright for you,
Lighten your blue,
And cover you tooâ€¦

V2:

Oh darlin' you lied.
And-shame on my but twice.
As I,
Told you Told you,
So many times,
I won't,
Stay if you do.
So I'm walking.
Baby my heart's been tried.
Cause your alibis,
Oh baby your alibis are so skewedâ€¦
Solo, then, REPEAT C 1X, then, END!!!
