V1:

Am I the one who fights for reason?  
Am I the sun behind the curtains?  
Will I become an outward smile?  
Or is she just gonna stand there a while?

And what I need,  
Is thisâ€¦  
But I don't see,  
Any point to itâ€¦

C:

And so I'm walkin'.  
Walkin' away.  
Cause I don't feel,  
Like flirting with shame.  
Watch me I'm walkin'.  
Walkin' away.  
Cause I don't need,  
Another fall from graceâ€¦

Oh Noâ€¦

V2:

Could I give relief or simply ease some pain?  
With just these words and the sounds I create?  
Am I the stillness before the fall?  
Or am I just,  
The quickest draw?

And I'm thinking maybe,  
That ain't it.  
But I know I don't need,  
Any part of this,  
Any part of thisâ€¦

REPEAT C 1X

Thenâ€¦

B:

Is this really for me?

I've lost my scene.  
Getting back on a bus,  
In the opposite direction.  
It's hard to see,  
The lines that breach.  
When all this time,  
They've been behind me.  
Oh where's a map?  
I've got to get back.  
That's why,  
I've got to get back,  
Get back,  
I've got to,  
Got to,  
Alright!

SOLO  
Then!

REPEAT C 1-2X  
Then!

END!!!
