Oh! Alright! Who We Are!
So you boxed me up and then you shipped me out
Let the ink from the address dry till I figured it out
Well I'm fitter now and I love this town
Took me time till I saw the view from this level ground

This is who we are
All the warts and scars
And we won't fade out
This is happenstance
Start of sheer romance
And we won't fade out
Who we are{2x}

Never know what's best till you step outside
Of the situation you're in with that distant eye
So I'm flowing now and I love this town
All the people offer support on this level ground

This is who we are
All the warts and scars
And we won't fade out
This is happenstance
Start of sheer romance
And we won't fade out

This is who we are
All the warts and scars
And we won't fade out
This is happenstance
Start of sheer romance
And we won't fade out
Who we are

This is who we are
All the warts and scars
And we won't fade out
This is happenstance
Start of sheer romance
And we won't fade out
Who we are{4x}
