Love tears at my soul
Life tears at my mind
When I needed you today
You were nowhere I could find

The day wears on and on
Nothing left for me to do
But I sit back and wonder
What did I ever do to you?

I'll die tomorrow
I'll feel no more pain
I'll die someday
You'll feel the same

I escape through a hidden path
That I created for myself
But at the end I see your face
And there's no way you can help

I'll die tomorrow
I'll feel no more pain
I'll die someday
You'll feel the same

Cause there's too much for you to understand
There's too much for you to comprehend
There's too many questions I can't really answer
But I'll save them for a friend

I'll die tomorrow
I'll feel no more pain
I'll die someday
You'll feel the same

Now the time has come
For us to go our separate ways
A rebirth is in store
To get me through the days

I'll die tomorrow

I'll feel no more pain
I'll die someday
You'll feel the same
