[Akinyele]

Yo, yo, yo

This is the noise that you make when you runnin with a wild crew

(I recognize realize) Real niggaz stay wild

Havin sex with latex and still gettin burnt through

(I recognize realize) Real niggaz stay wild

Holdin tec-9's, German Luger 22's pointed at you

(I recognize realize) Real niggaz stay wild

[Akinyele]

Once again I return, leavin you hooked like worms

to burn punk rappers like some type of sick dick sperm

They say Ak is, so obnoxious

I sew motherfuckers like Osh Koshes

And insert cock in bitches crotches

Blaze by phony niggaz like fiber optics

Life goes out to BJ known as Sueve

I'm the hottest shit on the streets

ever since the tar dried upon the pavement

Yes, yes! The rhythm, the rebel

Huh, without a pause, I run through Ju-Ju-and-Ju

like a holocaust with no remorse

The blue collar boss, known at the {?}

Punk rappers attack us like Lee patches tryin to rip us off

Ready to come, fiend for this loot, but nevertheless

us niggaz stayin wearin a vest, like a three piece suit

So you can shoot, or either Shoop like, Salt-N-Pepa

See that girl group Nuttin' Nyce, they know I'm down for whateva

Wheneva, whereva, howeva, Ripley believe it or not

There's no days never (never.. never..)

My slant mouth muzzle as I guzzle on a 40 ounce

A puzzle cause they still can't, put it together

It's the thug that kills, I take your face, out the freezer

and show you heaters that'll defrost your ice grill

I'm +Ill+, +Al Skratch+, like Mills and his WB

is +Real+ in my +World+ and I'm not talkin no, MTV

I'm talkin bout, Akinyele

The grown woman getter

I keep fly girl birds on my shoulder sweater like beretta
It's all about cheddar
I make more cheese than mozzarella
So when you see me on the street you better say "Hi
Akafella"
Huh, you know I mastered this shit
I put my signatures on spatulas in case I gotta flip the
script
Walkin the streets, with my Lefrak crew soundin like..

[Chorus: Akinyele]

(I recognize realize) Real niggaz stay wild
This is the sound that you say when you runnin with the
wild crew
(I recognize realize) Real niggaz stay wild
For the niggaz havin sex with latex and still gettin burnt
through
(I recognize realize) Real niggaz stay wild
Tec-9's, German Lu's, 22's
(I recognize realize) Real niggaz stay wild
Aimed at you.. aimed at you..
(I recognize realize) Real niggaz stay wild
Aimed at you.. yes, yes, yes, yes, check it

Rob Swift.. Rob Swift.. Rob Swift.. Rob Swift!

[Akinyele]

Check it, turn it down
Forget all that five minute long song and not sayin
nuttin
It only take us but two minutes and some odd seconds
to get to the point, because real niggaz stay wild
