god is gone in this ringing mind ears rip so fire
brightens the red
spinning who is chosen warmth of perception growing
cold and not ceasing.
weary thoughts through broken glass stop laughing
nothing lasts kill my
anger make me stop trees look down no hiding
searching me my eyes never
see what's seen.

what am i is to descend.
burning cigarette in arm cram it down on me nothing to
hold slopping
down on me no ability to choose here can't get out let
me out won't out.
i hate what it takes to make nothing no breath
smothering me let me out
scream premiere freedom no pride let the hands hold
me back.

you have torn my urgency.

am i again a dream?
