"Forget"

forget me.
'cause that's what would make you happy and that's all
that matters.
just end me.
'cause that's what would make you happy and that's all
that matters.

i've fallen on your deaf ears. you don't need me, only
want me and that's
not what i ever wanted.

but what i wanted never mattered.
at least not to me.

you always say "it doesn't matter to me" and i think
that has another
meaning now.

i'm questioning all you've ever said.
you don't believe me when i tell you how i feel.
but tonight.

tonight the feeling is the same for me.
