I reach within my isolation, I harbor it, I honor it
You say you'd like to see me closer,
of course you would, you have no choice

And I cry cause the weather has gotten to me
And I laugh at the people that I can't be
all their lives are silly pictures

Hey now now now, hey now hey baby
Baby's getting older
Hey now now now, hey now hey baby
The tide is turning, turning us away

You build the wall I'll build the fountain,
we'll wrestle it, we'll conquer it
I think we'll live to see the mountain,
of course we will we have no choice

And I cry cause the weather has gotten to me
And I laugh at the people that I can't be
all their lives are silly pictures

Hey now now now, hey now hey baby
Baby's getting older, baby's getting older
Hey now now now, hey now hey baby
The tide is turning, don't turn me away

And I can remember forever december
The center of dying, the heart of the pain
The rose in the bottle, the thorns in the bottom
The stars surround me, the cold astounds me

And I cry cause the weather has gotten to me
And I laugh at the people that I can't be
all their lives are pretty pictures

Hey now now now, hey now hey baby
Baby's getting older, baby's getting older
baby's getting older, baby's getting older

Hey now now now, hey now hey baby
The tide is turning, turning us away

Hey now now now, hey now hey baby
Baby's getting older, baby's getting older

Hey now now now, hey now hey baby
The tide is turning, turning us away

Hey now now now, hey now hey baby
Baby's getting older, baby's getting older

Hey now now now, hey now hey baby
The tide is turning, turning us away
