Passin' through the perch on a summer's day
Rememberin' all the things that you'd say
Can't seem to tell if you're alive,
Or if you've left me

Rolling out with things I can't recall
Running all my thoughts into the wall
Seems like I can't remember all the things you've told
me
A long, long time ago

Goodnight stars and goodnight moon
I hope to see you very soon
Time has come and gone away
But we'll be back again some day

So goodnight stars and goodnight moon
I hope to see you very soon
Time has come and gone away
But we'll be back... we'll be back

Carry on if I can see your face
Cornering myself into your space
I can't believe you've left me here
There's something there that doesn't feel right

Shake it off and cover me up
'Til the pressure's good and I can't get stuck
To see me want you again
Here is where I find a new friend

Goodnight stars and goodnight moon
I hope to see you very soon
Time has come and gone away
But we'll be back again some day

Goodnight stars and goodnight moon
I hope to see you very soon
Time has come and gone away
But we'll be back again some day

Goodnight stars and goodnight moon...
Goodnight stars and goodnight moon...
Goodnight stars and goodnight moon...
Goodnight stars and goodnight moon...

Come back to me (Goodnight stars and goodnight
moon)...

Goodnight stars and goodnight moon
I hope to see you very soon
Time has come and gone away
But we'll be back again some day
