Just run with me, run with me, run with me

When i first saw you face
I knew you were special boy
You took my breath away
i knew it was too soon but inside i wanted to tell you

Pre chorus

Baby look at me can't you see
im dying, i need you (I need you)
just run with me
it's been so long, so long

Chorus 2x

Dont know what to say
Dont know what to do
You just seem so confused
All i want is love
And you wont give it up
All i want is love, your love boy

Verse

Baby look in my eyes
So you can see
That there's a part of me
That's falling so deeply
And i know it's hard
You think all i do is disregard
But i got love for you
Just give me sometime to prove

Pre Chorus

Baby look at me can't you see
im dying, i need you (I need you to)
just run with me
it's been so long, so long
do you hear me
i need you in my life baby

Dont know what to say
Dont know what to do
You just seem so confused
All i want is love
And you wont give it up
