The tree's decorated and I guess it looks pretty
But I'm out of town and you're back there in the city
The temperature's falling, sure feels like snow
But what good is a fire and all the mistletoe
If I'm not with you and you're not with me

There is a party tonight, full of laughter and lights
Oh but still I'm feelin' blue 'cause this Christmas
The Christmas all I want is you

I just don't wanna be lonely and your kiss
Is the only gift I'll ever use 'cause this Christmas
This Christmas, all I want is you

Now I'm really homesick and I know you're there
waiting
For me to come back and start the celebrating
I don't need a present, give me your love
'Cause Santa can't give me what I've been dreamin' of
And it won't be Christmas till you are with me

There is a party tonight, full of laughter and lights
Oh but still I'm feelin' blue 'cause this Christmas
The Christmas all I want is you

I just don't wanna be lonely and your kiss
Is the only gift I'll ever use 'cause this Christmas
This Christmas, all I want is you

So darlin', have mercy and pick up the phone
Just tell me that it's the last Christmas
That I'll spend alone

There is a party tonight, full of laughter and lights
Oh but still I'm feelin' blue 'cause this Christmas
The Christmas all I want is you

I just don't wanna be lonely and your kiss
Is the only gift I'll ever use 'cause this Christmas
This Christmas, all I want is you

All I want, all I want
All I want is you, all I want is you
