Once there was a King  
So vitally disloyal to all he once had  
Lived for none but ruled them all.  
A carpenter's son was all he was

If you want to reach the top  
Betray them all  
Once for all  
Twice to be sure  
If you want to break away  
Stand all alone  
Once for us  
Twice  
Twice to be sure

I know the pain in your eyes won't go away until you are  
satisfied  
Fear grows inside your womb. You are alone. And I am  
forever gone

Once and for all

When I Gaze  
the reflection of myself  
I see, that my strength is brutally hard.  
I do not feel that I'm losing my ground  
If this is true, I know it was you

If you want to reach the top  
Betray them all  
Once for all  
Twice to be sure  
If you want to break away  
Stand all alone  
Once for us  
Twice  
Twice to be sure

I know the pain in your eyes won't go away until you are  
satisfied  
Fear grows inside your womb. You are alone. And I am

forever gone

I don't want to feel  
don't want to see  
Get out of my sight

don't want to fight  
Just want it right  
can't live through this night

For my own mind  
for my own self  
self-destruct how?

I'm gonna live  
without myself  
- get out of my life -  
I know the pain in your eyes won't go away until you are  
satisfied  
Fear grows inside your womb. You are alone. And I am  
forever gone

searching in side of me - hoping that once and for all  
growing inside of you - I'm forever gone  
searching in side of me - hoping that once and for  
searching in side of me - hoping inside of me  
someone might notice my absence for once and for all
