In My Mind I'm too Calm
My Obsession Rules Me
Just When Everything
Seems to Fade Away Again
Feelings Never Easy
Turns My World Completely
When You Give Back the Stare In My Eyes

I'm Craving, I'm Unkind
Never Leave It Behind
No More Treading Waters
I Don't Want This to Change
This is All I Have Now
It's Was Left Of Me
I Don't Know a Thing
But I Choose No another Way

Until
The Rush of Blood
Leads Me
In The Wild
Remember
Maybe I Wanted More
It Is
What I become

It Kills Inside
Seeing the Night Going By
'cause It Kills Inside
Everything In Me Is Burnings Constantly

(Fuck This)

My Loneliness
Will It Kill Again
I Need Someone to Give My Head a Break
With My Hand
Wrapped Around Your Neck
I Will Squeeze Until I Watch You Bleed

Until

The Rush of Blood
Leads Me
In The Wild
Remember
Maybe I Wanted More
It Is
What I become

It Kills Inside
Seeing the Night Going By
'cause It Kills Inside
Everything In Me Is Burnings Constantly
It Kill Inside
Seeing the Night Going By
It Kills Inside
Everything In Me Is Burning
Chase
You
In
The Wild

Night Has Fallen On Me
Again and Again
And I'm Drowning
Beaten, Broken, Twisted, Empty
Picturing Your Face
Losing My Last Breath
But You Come And Go
From Out of Nowhere

Until
The Rush of Blood
Leads Me
In The Wild
Remember
Maybe I Wanted More
It Is
What I become

It Kills Inside
Seeing the Night Going By
'cause It Kills Inside
Everything In Me Is Burnings Constantly

It Kills
