So this became your final call
I'm embracing the silence 'cause you met the wall
the glory of your suicide
for the right price anyone dies

glorify my name wash away the sin
say the price just let me in
take me away to that special place
don't let this day be like yesterday

If I could run
if I could stay
if I could break
then I'm breaking away
you were never enough
for my lust
I'll destroy your trust
I'm your biggest fear
I don't wanna hear
that you're feeling the fire
fuck your burning desire

You dug that hole
you dug to deep
now you cannot sleep 'cause you got cold feet
all these wasted tears
wasted years
you were never enough
you were never enough
believe me, oh, you were never enough!

Unborn children don't mean a thing
did you really think I would let you in
you are just a stain on my mind
I'm gonna wait it out and never look behind

your pride I took
Too proud to feel

Too proud to see
what's become of me

The more I look
the less I see
'Cause you are nothing
Compared to me

If I could run
if I could stay
if I could break
then I'm breaking away
you were never enough
for my lust
I'll destroy your trust
I'm your biggest fear
I don't wanna hear
that you're feeling the fire
fuck your burning desire

You dug that hole
you dug to deep
now you cannot sleep 'cause you got cold feet
all these wasted tears
wasted years
you were never enough
you were never enough
believe me, oh, you were never enough!

I will deny every little
single thing you do
from now and forever
till the end of you

I will deny
deny
deny you
deny
I will deny you..

If I could run
if I could stay
if I could break
then I'm breaking away
you were never enough
for my lust
I'll destroy your trust
I'm your biggest fear
I don't wanna hear
that you're feeling the fire
fuck your burning desire

You dug that hole

you dug to deep
now you cannot sleep 'cause you got cold feet
all these wasted tears
wasted years
you were never enough
you were never enough
believe me, oh, you were never enough!
