I'll Keep on Chasing the Dragon
That Will Never Be Captured
Seeking the Silence Within
All Is Gone
All Is Lost
Is It Made to Bring Me Down?

Fuck it All
Fuck this Shit
Don't Wanna be a part
Of All You Do
All You Say
Completely Full of Shit

All that I Knew
All that I Loved
Ripped at the Seams
And I Blame You

I See Myself In You
Urge to Lust
Those Red Eyes Tell No Lies

You Do to Me
Like You Did to Him
What No One Else Could See

Leave Me Alone
Just Go Away
Fuck Off and Let Me Drown

Face the Fears
Or Pop the Pills
For this Feelings You Can't Hide

All that You Do
All that You Say
Completely Full of Shit
Sweet Addiction

Aggravation

Desperation
A Strain Through the Human Kind

A Crack In Mirror
A Crack In the Soul
Now I Will Watch Your Fall

Follow the Path that
Millions Before You
Have Walked and Failed Again

All Is Lost
All Is Gone
Is It Made to Bring Me Down?!

Take From My Hand
And Praise What Will Be
Take From My Hand
Embrace What Will Be

Get Me a Fix
or Set Me Free

Follow the Path that
Millions Before You
Have Walked And Failed Again

All Is Lost
All Is Gone
Is It Made to Bring Me Down?!?

Take From My Hand
And Praise What Will Be
Take From My Hand
Embrace What Will Be

In This Hell
