Music box won't you sing me a lullaby  
I'll grind my ship upon your rocks  
Just keep singing that lullaby

I've wanted nothing more than this  
Fingers blister from your kiss  
This impatience burns within, within  
I've wanted nothing more than this  
Fingers blister from your kiss  
This impatience burns within, within

I feel a pull, irrational  
It's just as if you planned it  
I won't let go until I'm full  
I'm lost inside your music box

Music box won't you sing me a lullaby  
I'll grind my ship upon your rocks  
Just keep singing that lullaby

For every hour I'm exposed the longing in me grows  
The excitement builds within, within  
And it is cruelty to hide all the mysteries inside  
I've wanted nothing more than this, than this

I feel a pull, irrational  
It's just as if you planned it  
I won't let go until I'm full  
I'm lost inside your music box

Music box won't you sing me a lullaby  
I'll grind my ship upon your rocks  
Just keep singing that lullaby  
Music box, music box won't you sing me a lullaby  
I'll grind my ship upon your rocks  
Just keep singing that lullaby

Just keep singing that lullaby  
Oh, singing that lullaby  
Just keep singing  
Oh, just keep on singing

I feel a pull, it's animal  
Your smile is underhanded  
I can't let go until I'm full  
I'm locked inside your music box

Music box won't you sing me a lullaby  
I'll grind my ship upon your rocks  
Just keep singing that lullaby  
Music box, music box won't you sing me a lullaby  
I'll grind my ship upon your rocks  
Just keep singing that lullaby

Just keep singing that lullaby  
Oh lullaby  
Just keep on, keep on, keep on, keep on, keep on, keep  
on  
Oh lullaby  
Just keep singing  
Oh lullaby  
Keep on singing that lullaby
