You'd like to know you'd like to know you'd like to know
you
You'd like to say you like to say you like to say you
You like to think you like to think you like to think you
You'd like to know you'd like to know you'd like to know

Who do you think you're fooling
You're number one, number one
My number one

You're on your own you're on your own you're on your
own you
You're pulling through you're pulling through you're
pulling through you
You think you can you think you can you think you can
you
I know you can with a helping hand I know you can
