"Save Me"

I see a light shining through a window
I wonder who has passed away I see myself on top of a
mountain
And someone is calling my name

Please God don't take me I've got so much more to live
for
Can someone save me I cannot believe I'm dying

Hear my prayers is it words without meaning

Don't turn away don't leave me alone
Will I be here when tomorrow comes or is it to late to
say goodbye

Lights fading out and my life is passing by and
someone whispers the words,
come closer I'm leaving time there's no turning back
I'm stuck between life and death
